

NOTICE OF STUDY COMMENCEMENT and PUBLIC OPEN HOUSE Western Waterfront Master Plan City of Toronto

The City of Toronto is initiating a study to create a **Master Plan for the Western Waterfront**. The Master Plan will guide decision making within the area by recommending the type and location of park facilities that meet a range of community needs, as well as improvements to the transportation, transit and pedestrian links with surrounding neighbourhoods.

The study area covers a 4 km-long stretch of the Western Waterfront and is bounded by the Humber River to the west, Marilyn Bell Park to the east, Lake Ontario to the south, and the Lake Shore Blvd W./Gardiner Expressway/Queensway corridor to the north (see Map).

The Process:

The study will meet the requirements of Phases 1 and 2 under the Municipal Class Environmental Assessment process (June 2000). The environmental assessment process will consider existing conditions, including vegetation, water, wastewater, stormwater, roads, pedestrian and cycling facilities and surrounding land uses, will evaluate impacts, and will identify alternative solutions.

Opportunities for Public Input:

Public consultation is an important part of this Master Plan study. The purpose of this initial Public Open House is to introduce the project team, provide background information and seek input from the public. Anyone with an interest in the study is invited to attend and participate. The Public Open House will be held on **November 26, 2007**, at **Toronto City Hall, 100 Queen Street West, Committee Room #2 from 7:00pm to 9:00pm**. If you cannot attend and would like to provide comments, please forward your written submission by December 31, 2007 to the contact listed below.

If you have any questions, comments, require further information or would like to be added to our mailing list, please contact:
